Admin Reindex For Magento

Introduction:

AdminReindex helps to Reindex done by the admin panel.

When we update the bulk update product prices and product data then we need to update and reindex data. By default Magento reindex the data using command. Our extension provides feature to admin to Reindex the all data from the admin panel on one click.

Features:

1. Easy to Install.
2. Helps admin to Reindex via the admin panel.
3. Gives admin more flexibility as you can still reindex by schedule.
4. No Need to run any command.
5. No need to run a cron job.

Admin Reindex For Magento
