# Product Slider List for Magento

## Introduction:

There are a lot of ways to present your products in your Magento store. If you have the ability to show images for each product, then it is very important that you use a slider on the front-end product list page. Our extension “**Product Slider List**” extension can be used to create a professional image layout that looks great and will help show images in the slider automatically on the Product list and Product detail page.

If you want to show your product images in the slider on the product list and product detail page then you just need to install our "**Product Slider List**" extension. This extension will automatically display the product image in the slider of product images.

In this extension, there are professional customization capabilities for your Magento store. It is easy to use, so don't hesitate – just download it now!

## Features:

### Front office features:

- Users will find product Slider on product list page.

### Back office options:

- Easy to install
- Simple Configuration
- you can enable or disable it from the admin
- Compatible with all major browsers.

# Product Slider List for Magento

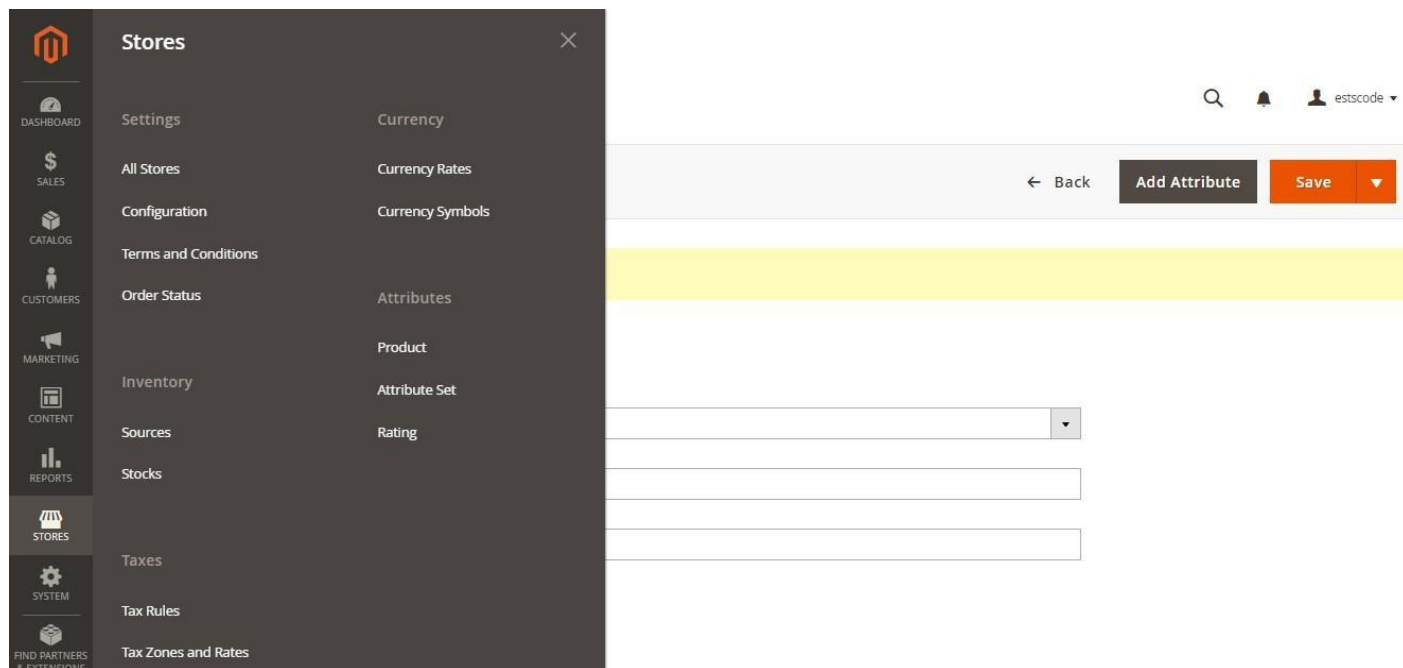

Admin can easily configure the Product Slider List module on their store.

## How to configure

### Configuration:

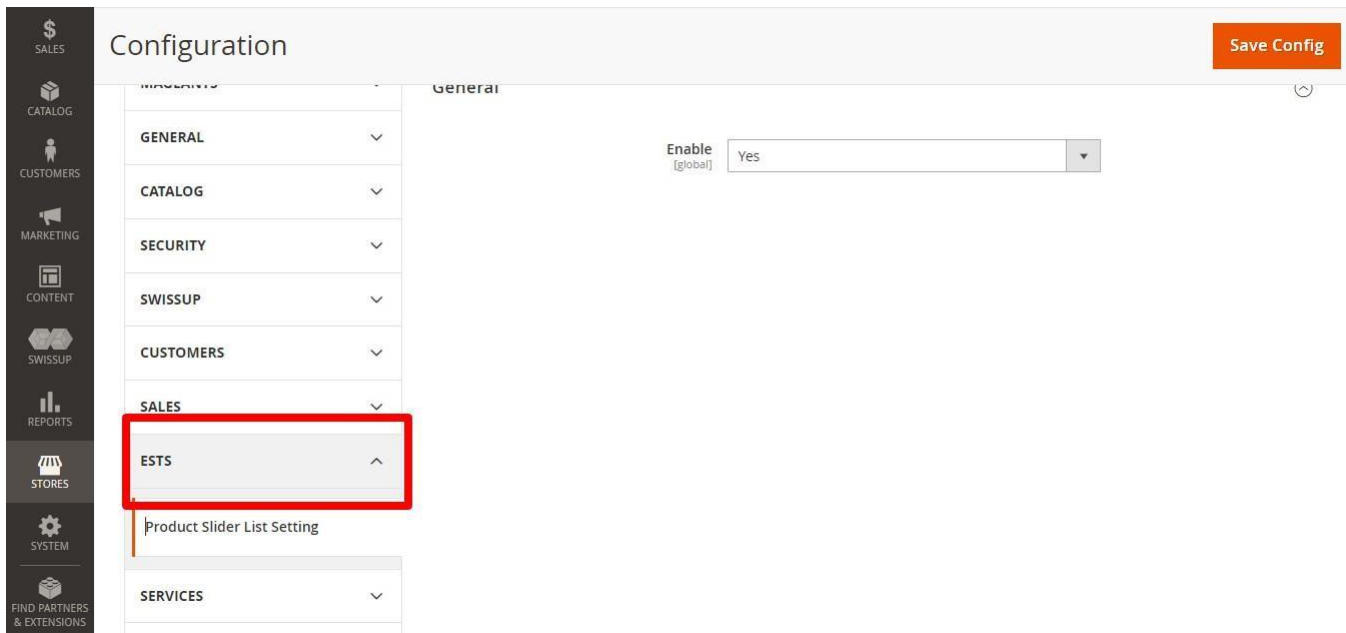

#### Step 1:

Login to the Admin Magento. Navigate to **Stores > Configuration**.

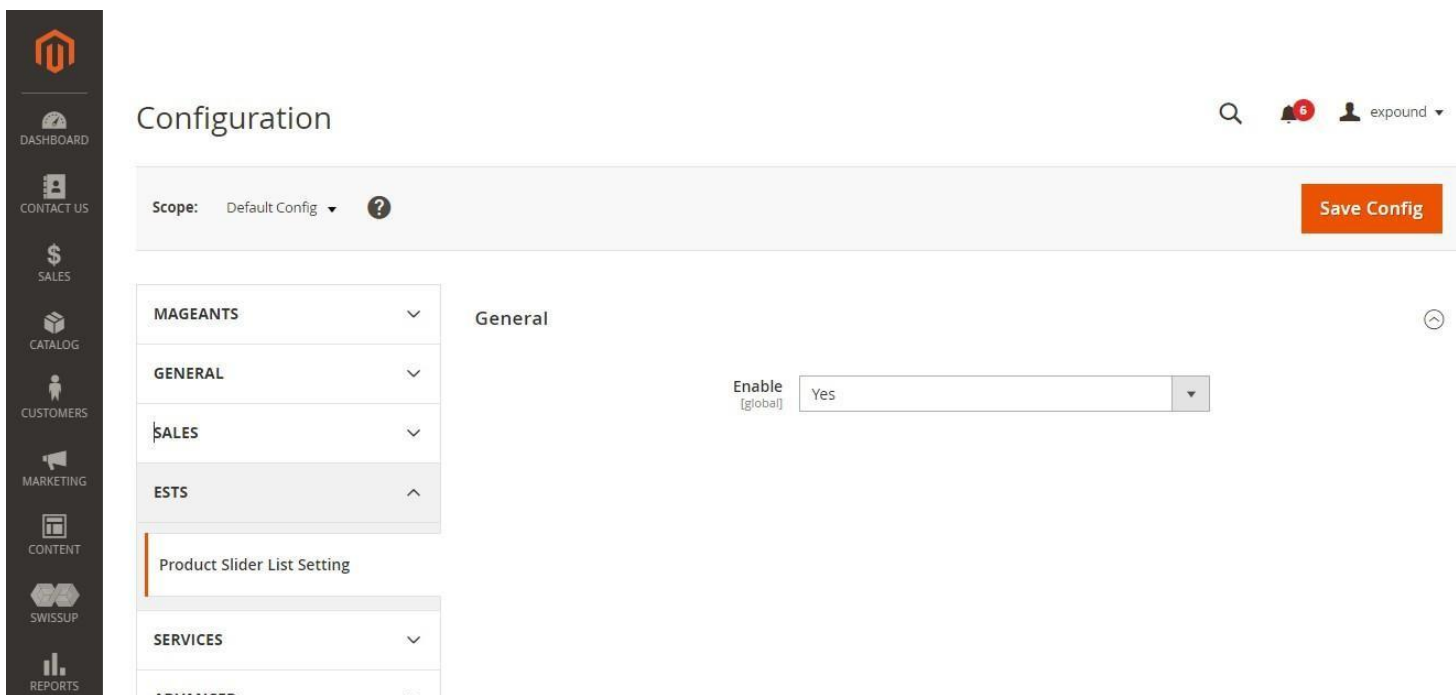

Click on **ESTS**, section.

# Product Slider List for Magento

**Step 2:** You can see “Product Slider List Setting” Continue to Click on Product Slider List you will see this .

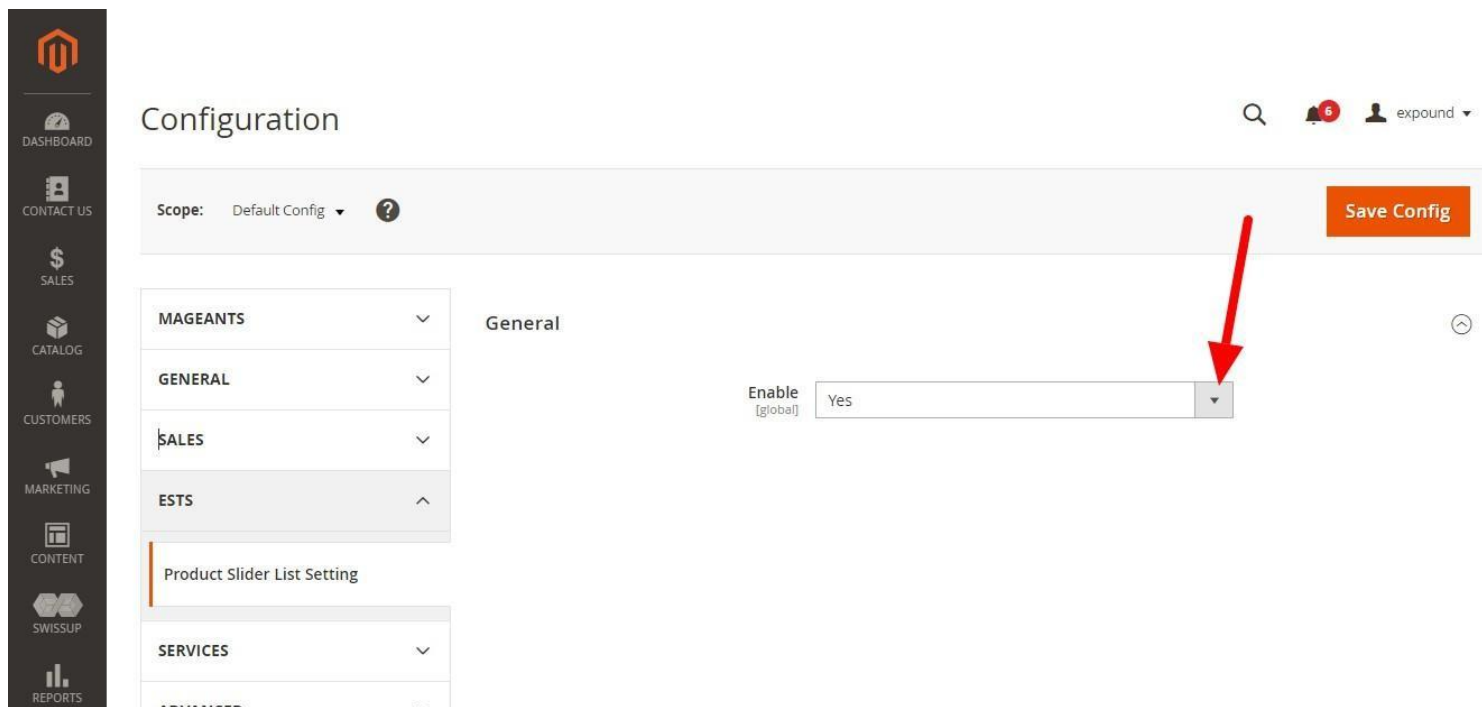

# Product Slider List for Magento

## Step 3: Module Configuration Settings

Now we will see how to configure our Module. In **General Settings**,

1. **Enable** Select “Yes” to turn on the Module.

The screenshot shows the Magento Configuration interface. On the left is a sidebar with navigation links: DASHBOARD, CONTACT US, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, SWISSUP, and REPORTS. The main area is titled 'Configuration' and shows the 'Scope' set to 'Default Config'. A 'Save Config' button is in the top right. Below the scope bar, there's a list of modules on the left: MAGEANTS, GENERAL, SALES, ESTS, and SERVICES. The 'GENERAL' module is selected, and its settings are displayed on the right. The 'Enable' setting is set to 'Yes', and a red arrow points to the dropdown arrow next to it. The 'Product Slider List Setting' is also visible under the 'GENERAL' module.

## Product Slider List for Magento

- Now choose the product for which you want to add Product Slider List and then click on **edit** option.

The screenshot shows the Magento Admin 'Products' grid. The interface includes a sidebar with navigation links (Dashboard, Sales, Catalog, Vacation Mode, Customers, UPS Shipping, Marketing, Content, Reports, Stores) and a main content area. The main area has a search bar, filters, and a table of products. The table has columns: ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Salable Quantity, Visibility, Status, Websites, Action, Water bottle, Edition, and Your store version. Two products are listed: ID 17 (iPhone) and ID 24 (watches). The 'Edit' link for the iPhone product is highlighted with a red box.

| ID | Thumbnail | Name    | Type           | Attribute Set | SKU        | Price    | Quantity | Salable Quantity   | Visibility      | Status  | Websites     | Action               | Water bottle | Edition | Your store version |
|----|-----------|---------|----------------|---------------|------------|----------|----------|--------------------|-----------------|---------|--------------|----------------------|--------------|---------|--------------------|
| 17 |           | iphone  | Simple Product | Default       | iphone     | \$200.00 | 20.0000  | Default Stock: 20  | Catalog, Search | Enabled | Main Website | <a href="#">Edit</a> |              |         |                    |
| 24 |           | watches | Simple Product | Default       | watches123 | \$500.00 | 150.0000 | Default Stock: 150 | Catalog, Search | Enabled | Main Website | <a href="#">Edit</a> |              |         |                    |

- In general settings scroll down you will see **Images And Videos** field. Add Multiple Images if you want to display a Slider List Of Product .
