Product Countdown for Magento

Introduction:

ESTS has developed the extension name Product Countdown is a unique extension that displays the product countdown timer. In which a special price is assigned to the product. The special offer can be time-based or event-based and it's up to you what kind of promos you want to create. This extension will show on the front end the number of days/hours/min/sec left for the offer/ deal to be over.

With this extension, you can display all of your new deals related to the product's special price which in turn enhances the attraction of visitors to your site.

Features:

Front office features:

- ✓ User Will Find Product Count Down On Catalog Page.
- ✓ User Can Easily Identifies The Special Deals/ offers With The Help of Product Count Down.
- ✓ With The Help of Product Count Down User Will Have the complete information about the Starting and Ending Time period of the newly special offers.
- ✓ Start and end dates for the one-time countdown mode.
- ✓ Easily schedule your countdown timers display.
- ✓ Count Down Add The attraction of the user to word the production there by increasing the growth in the sales.

Product Countdown for Magento

Back office options:

- ✓ Easy to install ,configuration , cost-effective
- ✓ you can enable or disable it from the admin.
- ✓ You can select for any product on which you want to show countdown.
- ✓ you can also provide the title for the countdown timer.
- ✓ Compatible with all major browsers.

Admins can easily configure the Product Countdown module on their store.

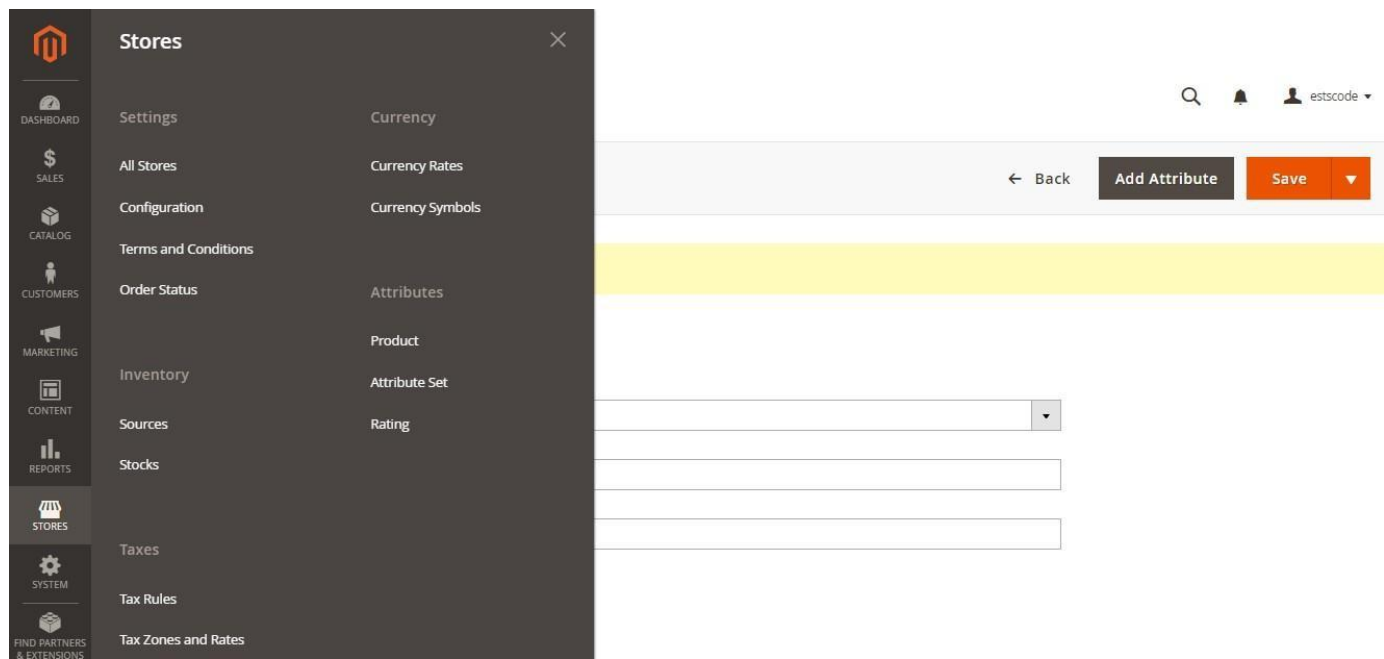

How to configure
